SUMMARY

Full Mern Stack Web Developer with a passion for front-end web development. Certification from UWM Extended Campus coding bootcamp, earned while using great time-management, having a positive attitude with great communication and collaborative skills, and being able to learn new skills and technologies every week. Energetic team leader and team player. Efficient, patient, and willing to think outside of the box for all web development projects. Driven to continue my education and master new languages and technologies in web development.
